

ADDENDUM
DELT CHURCH PARK PAVILION PROJECT
SEPTEMBER 20, 2022

Pursuant to the powers reserved in Sections 2(F) and 20(A)(3) of the Request for Bids (RFB), the Park Director hereby issues this addendum to clarify some information in the plans/specs.

1. Asphalt parking lot

The parking lot shall be asphalt with the following specs:

- 4" bituminous base or 6" gravel #53
- 1.5" binder
- 1" surface

2. The sidewalk should be 4" slab on grade with 6x6 – W2.1 x W2.1 welded wire fabric.

3. Restroom vault installation

The concrete and installation of the restroom vaults will be according to manufacturer's specifications. Contact Romtec at 541-496-3541 or email risales@romtec.com.

4. The fireplace will have an approximate finished size of 12' wide X 4'6" deep X 8' tall, plus the chimney. It is to be sheathed according to JCS Fireplace recommendations. Please contact them at 574-855-1046.

5. The distance the water line and electric line will need to be run is approximately 150'.

The electric panel that the line will be coming from is located on the well pump house across the driveway from the proposed pavilion. This is also where the water line will be connected.

Water pipe should be 3/4" plastic pipe.
