**NIPSCO INSTALLATION OF SERVICE COSTS**

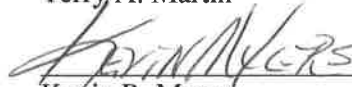

Senator Glick raised concerns that both LaGrange County and Steuben County have had projects, discussed with NIPSCO from the beginning, but at the end, the counties are told that there is not sufficient capacity and there will be extra costs added to the project. NIPSCO denies any knowledge of agreements as to cost at the beginning of the projects. When asked if there was any wiggle room – NIPSCO said there may be possibility of remedy, but may need permission form the Commission on Tariff rules.

Representative Koch asked that both LaGrange County and NIPSCO forward all emails, notes, correspondence to Senator Glick for review.
